

21 Oct 2020

Over the years, Intercept Technologies have worked with us on our digital solutions, starting from the software development all the way to photo shooting and programming. Projects are always approached with enthusiasm and focus to deliver on-time.

Nothing was too much trouble and we were delighted with the wonderful outcome of our digital solutions, be it the Mobile App, the Digital Sales Inventory or the time-lapse. The team is very responsive, adaptable and on top of all reliable and pleasure to work with.

Ahmed Safwat
Senior Sales & Marketing Manager
